# About us

Logatec is one of the leading Electronic Manufacturing Service (EMS) factories for IT-Products and Consumer-Products in Germany.

We have many years experience in production and repair of PC, Laptop, Receiver, LCD-TV, LCD-Monitor and IT accessories.

The work-cell-production and conveyor belt shows the flexibility of our factory.

Our production surface is 16.000 m<sup>2</sup>. We have a very flexible work force with 250 employees permanent staff and if necessary good skilled additional part-time-worker.

Since 1996 we are certified on ISO 9001.

We work together with a bounded warehouse in the neighbourhood. With most of our partners we are integrated in their supply chain to have the most reliability and cost efficiency.

# Company profile
